PC Troubleshooting

OBJECTIVES

I'm a Front-End Developer skilled in React and Tailwind. I specialize in creating visually appealing and user-friendly websites. My focus on clean code ensures optimal performance across different devices. I'm eager to contribute to building interactive web solutions and delivering exceptional user experiences.

WORK EXPERIENCE

FRONT END WEB DEVELOPER   March 2023-Present
L&C GROUP OF COMPANIES CORP.

-Developed engaging e-commerce platform.
-Translated designs into pixel-perfect web pages using HTML5, CSS3, and JavaScript.
-improved performance with REACT Typescript, achieving a 30% decrease in load times.
-Streamlined styling with Tailwind and modular CSS, improving code maintainability

INVENTORY ASSISTANT   June 2022-March 2023
CHANBLESS INDUSTRIAL TRADING COMPANY

-Integral member of the inventory management team, ensuring accurate tracking of stock levels and efficient supply chain operations.
-Proficiently utilize inventory software to monitor stock movement, update records, and generate reports, contributing to timely decision-making.
-Provide exceptional customer service by promptly fulfilling internal and external stock requests, contributing to smooth operations and client satisfaction.

FRONT END WEB DEVELOPER (INTERN)   June 2019-Dec 2019
OHSEC - MANDALUYONG

-Collaborated with senior developers to create responsive and visually appealing web pages using HTML, CSS, and JavaScript.
-Participated in code reviews and provided constructive feedback to improve code quality and maintain best practices.
-Worked closely with the UI/UX team to incorporate user feedback and make iterative design improvements
